

GLOBAL BROTHERHOOD FOUNDATION — GROWING ROOTS, HARVESTING FRUITS

MISSION STATEMENT

To empower underserved communities by providing the spark — equipping individuals with hand and mind skills through access to education, healthcare, digital literacy, and sustainable livelihoods. We are committed to building ethical, inclusive, and resilient societies where every person, regardless of background, can grow with dignity, contribute with purpose, thrive through opportunity, and hold and lead others by the hand to teach and uplift in return.

At GBF, we believe in nurturing the roots — human potential, values, and local capacity — so that the fruits of progress, unity, and lasting impact grow naturally.

VISION STATEMENT

A world where every individual — empowered with skills, knowledge, and compassion — becomes a source of transformation for their family, their community, and future generations, while holding others by the hand and guiding them forward through learning and shared growth.

WHERE WE WORK

- Pakistan – Gilgit-Baltistan and Chitral (GBC region)
- Tajikistan – Khorog and nearby regions
- United States – donor support, volunteer coordination, and mentorship

COMPLETED PROJECTS

1. Laptop Donation for Students
2. Laptop Distribution for Teachers
3. Established 50+ IT Centers

Launched over 50 community-based digital learning centers across Gilgit-Baltistan and Chitral (GBC) under the supervision and coordination of the Aga Khan Councils. These centers equip youth and adults with essential digital tools and skills, fostering both economic opportunity and technological inclusion.

4. High-Speed Internet Devices for Councils
5. After-School Tutoring Programs
6. Entrepreneur Club Formation
7. Skill Development Centers
8. Women's Microloan Program & Training
9. Short-Term Medical Stay Support
10. Mobile Healthcare for New Mothers
11. School & College Fee Assistance
12. Jamat Khana & REC Center Renovation
13. Village Solar Lighting Program
14. School Transportation for AKESP Students

15. Mini-Vans for REC Students

16. Ambulance Support Program

UPCOMING & PIPELINE PROJECTS

1. Goal: 300 IT Centers by 2030

2. ECD Government School Remodeling: 15 schools by 2025, 200+ by 2030

3. Honey Farming Initiative

4. Agro-Based Support Programs

5. Greenhouse Farming Expansion

6. Medical Equipment Access

7. Export Readiness & Product Development

8. Food Truck Entrepreneurship Model

9. Nursing and Paramedic Training

JOIN THE MOVEMENT

Whether you're a donor, mentor, volunteer, or partner — your support fuels sustainable impact where it's needed most.
